PERFORMANCE IS MY PLUS

www.myperformanceplus.de

CATALOG
2023

Performance wants to know.

**PERFORMANCE GETS YOU IN
THE MOOD MORE THAN USUAL.**

**Performance is about to be
victorious.**

**PERFORMANCE IS PROOF
THAT IT IS POSSIBLE.**

**Performance enables human and
tool to become one.**

PERFORMANCE IS SEXY.

**Performance is when work makes
you proud like never before.**

WELCOME TO PERFORMANCE PLUS:

**The new premium class for
workshop trolleys.**

WE WANT TO REDEFINE THE WORKSHOP TROLLEY PREMIUM CLASS

Performance
in moving images

Our mission: The best workshop trolley for industrial, car and commercial vehicle mechanics and for individuals with the most exacting demands.

We deliver more than we promise:

**CONSTRUCTED TO
MAXIMUM PERFECTION.**

Manufactured to the highest quality.

**GREATEST CONSISTENCY
IN PRICING.**

Non-compromising controls.

**THREE YEARS
INTENSIVE DEVELOPMENT.**

A yellow sports car is elevated on a blue hydraulic lift in a workshop. The car is positioned on the right side of the frame. In the background, there is a brick wall and a window. A red tool chest with 'KS TOOLS' branding is visible on the right. The floor is made of grey tiles.

CONSTRUCTED BY DIE-HARD PERFECTIONISTS

Open drawer. Close drawer. Press the Duo Lock switch. Two drawers open simultaneously. Smooth as butter. No sticking, no creaking.

The Duo Lock, which all Performance Plus are equipped with, is a good example of our construction principles. It starts with an idea which makes the world of the workshop that little bit better. Then we work on the technical

implementation of this idea until we really have achieved perfection.

Only then can the Performance Plus rating plate be added to the trolley.

KS TOOLS

AN IDEA THAT MAKES THE WORLD THAT LITTLE BIT BETTER: DUO LOCK

**Sometimes the performance lies in the detail:
This smart innovation is the result of many years
of manufacturing expertise and intensive
development and is the key to greater efficiency
in daily work.**

UNIQUE ON THE MARKET

**THE SMART IDEA FOR GREATER
FLEXIBILITY IN EVERYDAY LIFE**

2 in 1 DUO-LOCK

**MINIMAL RISK
OF TILTING**

MAXIMUM ACCESS

**MANUFACTURED
BY RADICAL
QUALITY FETISHISTS**

Open drawer. Close drawer. Open drawer... didn't we just see this text a moment ago? Not quite. Because "open and close" should actually appear 30,000 times. Carried out during the endurance test on one of our test benches.

Components that break during the test never make it into serial production. And, whatever does make it into serial production must demonstrate a consistently high level of quality at regular

intervals during random testing. At the end of the day, this is the difference between irritation and enthusiasm, between a service life of a few years or more than 20.

If you opt for high-quality products, you expect the same level of quality from the service. After all, Performance Plus is just as unique as you and your work.

**ALWAYS
THERE FOR YOU: YOUR
PERFORMANCE ASSISTANT**

Your personal contact kitted out the workshop trolley of your dreams in line with your requirements and checked it over before delivery. Of course, your contact is available to you at any time to answer any questions relating to Performance Plus.

CERTIFIED AND CHECKED

ALL PARTS AND TOOLS

Your guarantee for perfection

A CONTACT

FOR ALL CONCERNS

Round-the-clock availability

KNOWS THE INS AND OUTS OF

YOUR WORKSHOP TROLLEY

CALCULATED BY TOUGH COOKIES

Our experience speaks for itself: Those very customers who invest in a quality-conscious way are the ones who also pay close attention to the price. This is where our cost accountants and purchasers come into play. Because they make every Performance Plus cost-efficient.

They calculate, negotiate and optimise. Over and over again. The deciding factor: Out staff never – and when we say never, we mean never – accept compromises in quality and ultimately in the value that you receive as a customer. Instead, it is calculated, negotiated, and optimized again.

performance
plus

It's sometimes tough and always uncomfortable. But if it makes your decision for Performance Plus easier, then it has been more than worth it.

**IT IS BETTER TO BE SAFE
THAN SORRY.
OUR CHECKS ARE FIRST-
RATE.**

Timeless design, excellent quality, perfect processing. These are our ingredients for workshop trolleys that last for generations. From the initial idea to the final check, we do everything we can to achieve the best possible performance.

LONG-TERM TESTS

FOR ALL CASTORS

Drawers tested 30,000 times at maximum load capacity

TESTS FOR ALL COMPONENTS

100% of items checked individually

DELIVERED

FULLY ASSEMBLED AND

EQUIPPED WITH TOOLS

A red classic car, possibly a Ferrari, is shown from a front-three-quarter view with its hood open. The engine is visible, featuring a prominent air filter and various mechanical components. The car is parked in a brick building with large windows in the background. A red banner with white text is overlaid on the lower left portion of the image.

**CHECKED
BY NOTORIOUS
CONTROL FREAKS**

Your Performance Plus is just as unique as you and your work. Let's assume that the Performance Plus you configured includes 555 tools. So, how many do you receive? No, not 555.

But rather 556. Very deliberately. And this is also the only deviation that you can expect. Because the extra item included is a test certificate. It certifies that every single of one the 555 tools selected by you has been positioned in its place correctly. The certificate might be made of paper, but it is our rock-solid proclamation of tested quality. It bears the name, signature and mobile phone

number of a member of our test team, who is personally responsible for your Performance Plus.

This 556th part is therefore your direct line to advice, action and commitment – and might just be the most valuable and powerful tool we supply you with.

“When I joined the Performance Plus construction team, I heard someone say: A job is not well done when it is finished, it is finished when it is well done. That really hits the nail on the head. And the great thing is: Everyone in the team thinks this way. Sometimes you don’t even need to say the words. What people are thinking is in the air: Hey, we can go even further! Then we draw up the plans again and end up with something much better.”

Thomas Tenga,
die-hard perfectionist at KS Tools

“Dubious manufacturing tolerances are often referred to using euphemisms like “manufacture.” That’s not my thing. At KS Tools, we work with state-of-the-art machines and my ambition is to extract as much precision as possible. And then to make even more improvements. And then to improve on that again. So that we can create a premium product like Performance Plus.”

Orhan Altin,
radical quality fetishist at KS Tools

“

“Tough – this is a label I can live with. Because tough is not the same as unfair. I demand a lot from our suppliers, but I never make an enemy of them. For me, Performance Plus is a product created in partnership. KS Tools, our suppliers and our customers all have one thing in com-mon: We all want to create excellence – that will stand the test of time.”

Christian Niebeling,
tough cookie at KS Tools

“

“I am the last in a long line of colleagues who work on a Performance Plus. Everyone before me made such a huge effort to create a great product, which is why I give my all during assembly before the shipping box is closed. So that you can unbox the Performance Plus and get started straight away.”

Thomas Kochhafen,
notorious control freak at KS Tools

FIRST-CLASS FROM EXPERIENCE

20,000 workshop trolleys are proof of this year for year: Longterm success only comes to those who use the best materials. We have taken this principle to the extreme with Performance Plus. The best materials and high-quality equipment ensure that you will still be enjoying your workshop trolley in many years to come.

THE BEST IS GOOD

ENOUGH FOR US

Four steerable castors with brakes

BALL BEARINGS ONLY FROM

RENOWNED MANUFACTURERS

Five years' warranty on all parts

ONLY THE BEST FOR THE BEST

Even the highest quality workshop trolleys are only as good as their inner values. That's why we equip every Performance Plus with the best tools from the KS TOOLS Premium range, which offers more than 45,000 items.

**GUARANTEED QUALITY
MADE BY KS TOOLS**

Thoughtful compilation

**THE RIGHT CHOICE
FOR EVERYONE**

Everything from workshop classics to special tools

**The best from
45,000 premium
tools**

For the Performance Plus workshop trolleys to work, hundreds of individual parts need to work together in perfect harmony.

In order to ensure that your workshop trolley is just as reliable in many years as it is on the day you got it, we guarantee you that every component is interchangeable.

MORE THAN THE SUM OF ITS PARTS

AFTERSALES WARRANTY

ON ALL PARTS

Easy exchange

QUICK AVAILABILITY FOR

CONTINUOUS PERFORMANCE

We have designed the drawers of our Performance Plus workshop trolleys in four sizes to cater to individual design options.

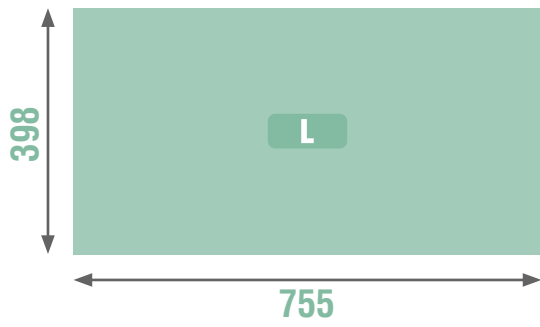

The tool inserts are tailored to the drawer sizes based on our experience from decades of tool production.

SUCCESSFULLY THINKING INSIDE THE BOX

An aerial, high-angle view of a race track curving through a lush, green landscape. Two race cars, one red and one green, are visible on the track, navigating a sharp bend. The track is bordered by a concrete wall and a red-and-white striped curb. The background features rolling hills, trees, and a small waterfall. A large red banner with white text is overlaid on the upper portion of the image.

JUST ONE LAST BEND AND OUR TEAM WILL SPRING INTO ACTION.

Even though we aren't in the driving seat of a race car and there is no team order or imminent wheel changes – we are still here with you.

Because we are there for our users. Here at KS Tools, we are a united team, with all our expertise, our passion and our responsibility for the moment when it really matters. Our mission: to provide first-class tools to front-line users. At the races on Sunday, at your company from Monday.

GREEN LEADS, RED WINS

It is well known that races are also won in the pits. Nerves of steel and equipment that can keep up are what matters.

But heroes' stories of maximum performance under high pressure are not just written at Monza and Le Mans.

You can be the protagonist too. With durable precision that can be recognised by the red Performance Plus trolley.

**BORN A CLASSIC.
WITH THE FUTURE
IN ITS GENES.**

A Performance Plus is the workshop trolley that lasts for generations. When they retire, some champions will say goodbye to “their” Performance Plus which had been their faithful companion since their apprentice days.

This is exactly why each Performance Plus is given a fantastic timeless design and is exceptionally robust. And what if you lose something over the years?

You can purchase both the individual parts of the trolley and even the smallest tool without any problems at a later date. Performance Plus. A great future on small wheels.

HIDE YOUR TREASURE UNDER THE HOOD

If you work with Performance Plus, you probably aren't interested in knocking off work so quickly. But when the time does come, you can cover your workshop trolley with the matching hood to protect it from dust and scratches.

**CUSTOMISED FOR
YOUR WORKSHOP TROLLEY**

**Robust protection
in a few steps**
